SAS Real Estate and Associates LLC recently celebrated the grand opening of Serenity Estates in Burnt Chimney. Serenity Estates has a total of 205 acres divided into 11 lots. Lot sizes start at 15 acres and go up to 24.8 acres.

Serenity Estates in Burnt Chimney

“A slice of heaven on earth”

Grand Opening May 18th, 2007 from Noon to 2pm

Serenity in Burnt Chimney is living in peace and harmony with nature and **SAS Real Estate** has made this possible. **SAS Real Estate's** mission is to protect a way of life for both ourselves and for our animal friends. Our animal friends are losing the battle. Their forests, their homes and their lives are being sacrificed in the name of progress and housing for the many. If we don't put aside large acreage now, placed under the care of self-appointed “guardians”, we won't have any forest left for the homes and shelter for them or for us.

SAS Real Estate finds the most beautiful land available and subdivides it into 15 acre tracks or larger, depending upon the lay of the land. These parcels cannot be further subdivided. In this small way we hope to be able to assist our animal friends by preserving the land and woods in large clusters.

The way we have designed our subdivision, into large tracts, it guarantees its beauty and value always. A 205 acre parcel subdivided into 11 tracts, with 7 still remaining to be sold with magical views, pastures, trees and branch from Gills Creek and less than 5 miles to the West Lake Shopping Center. **Find us from Rt 122 to 670 for 3 miles, left onto Inglewood Road, right onto Pleasant Valley Lane.**

We invite you to our Grand Opening on May 18th, 2007 from Noon to 2pm, or you may call Samuel at (540) 482-0805 or (800) 582-3683 for any information or visit their website at sas-real-estate.com.
